

Certificate of Achievement

THIS CERTIFICATE IS PROUDLY AWARDED TO

Alex4_Hire

for completing the following game:

Frognado In Valdoria

This analyst successfully investigated a hacktivist intrusion on FramtidX system. Through their use of Kusto Query Language (KQL), they discovered how the intruders managed to deface the company's website and internal documents. They followed the activities of the threat actor, from reconnaissance to exfiltration, and uncovered the use of an internal account to further their compromise.

Simion Kalpovi

President, KC7 Foundation

KC7 is a cybersecurity detective game that teaches players to solve intrusions in real data (kc7cyber.com).
